Standard of Behavior

Brock Corydon Daycare Inc. believes that every child has the right to emotional and physical safety. BCD supports the Brock Corydon School Code of Conduct.

GUIDING PRINCIPLES OF APPROPRIATE BEHAVIOR

- **Be Respectful**
We are respectful of ourselves and other people.
- **Be Safe**
We work and play safely to help keep ourselves and others from getting hurt.
- **Be Cooperative**
We solve problems by talking and listening to each other respectfully to find a solution.
- **Be Supportive of Learning**
We learn to the best of our abilities and support the learning of others.

Behavior Management

Staff will encourage positive interaction among children to promote a supportive environment. Our focus will be on children's assets and strengths while cooperation, respect and responsibility will be fostered.

In accordance with the licensing standards of the community child day care standards act, the center "will not permit, practice or inflict any form of physical punishment, verbal or emotional abuse or denial of physical necessities of any child in attendance".

Staff will encourage children to solve problems on their own and to be responsible for their actions. When a discipline problem arises staff will utilize the following steps:

1. Using positive statements stops negative behavior.
2. Re-direct (suggest an alternative activity or space)
3. Speak separately with the child to determine the cause of the behavior, reason and discuss a solution.
4. Offer choices within set limits and implement logical consequences.
5. Apply an age-appropriate time-out.

Staff will document any behavioral problems. Staff is encouraged to seek assistance from fellow staff members or the Assistant Director if they are having difficulty with a child's behavior. If the inappropriate behavior continues and staff has tried the above methods of discipline without success, parents will be contacted, and the behavior will be discussed, and a plan will be developed.

Behavior Management policies consider the development capabilities of children.
